

INTRODUCTION

SKIING AND SNOWBOARDING IS FUN, SO LEARNING TO DO EITHER SHOULD BE FUN TOO!

The overall goal of Fun-Based Learning is for you to have fun! Inside the learning area, newcomers are introduced to the sensation of skiing or snowboarding right away, as the focus is on “going,” rather than “stopping.” Newcomers to the learning area will encounter shaped snow that will naturally control their speed and direction, making it easy to start, turn and stop!

WHAT TO EXPECT FROM YOUR FIRST LESSON:

- Laughs, smiles, and an experience that will last the rest of your life!
- Expert and empathetic coaching from our PSIA-AASI certified school
- Discovering how to slide on the snow
- Learning how to safely stop and turn
